At our 2006 Reunion, we initiated a memorial ceremony which we call Dedication of the Hats. This ceremony takes place at the banquet when members and their guests are seated and the evening is about to draw to a close. The idea is to honor those good friends and shipmates who have left us and with whom we have shared our memories aboard AD31 and elsewhere during our tour of duty in the US Navy.

If you would like to dedicate your hat or have someone do this for you at the upcoming Tidewater Reunion, please fill out the details below and mail it to us. There is no deadline, but we would appreciate obtaining your Hat Dedication Form in ample time so that it receives proper attention prior to the actual ceremony at the reunion.

I would like to dedicate my Tidewater Hat to:

Words you wish to be delivered during dedication: (use back if you need it)

- I wish to perform this dedication myself.
- I wish to have this dedication performed by someone else in my absence.
